Gia sas paidia, how are you all doing, I have not been in the forum for the longest time. Busy Busy as everyone else.

This is what Happened to me this past weekend. My bouzouki broke, and when I say broke, I mean broke, accidentaly of course, but it is in pieces. There is no way to receover anything other than the skafos.

Long story short, my dear friend, Babis Kioulos, took the responsibility of making me a new one, and he will only reuse the skafos and the figoures if possible.

I would like to let you all know, that I can't wait to see the masterpiece that Babbis will make for me,

the only thing that sucks is that I would have to wait for it to be done, but as everything else in life to kalo pragma argei na ginei.

File Babbi thank you for accepting me into your house the other day, and discussing with me for the longest time, how my new bouzouki will be constructed.

The only thing that makes me comfortable is Babbis Kympariliki. the guy is amazing.

He sat down with me and he welcomed every single one of my comments and suggestions.

Babbi, harry file, I need it so I can play.

Kala na pernate oloi filoi mou.

To bouzouki einai o ntalkas mou.
