I met with Bobby Kioulos this past Wednesday. It was a pleasure meeting him, he's a real stand up guy. Just want congratulate him on his amazing talent. I heard the bouzouki he is working on. The sound that came out of that instrument was truly amazing. Bobby, na eisai panta kala and keep it up.

Babis,

I have to tell you... You have all of your friends talkin about your bouzoukis. Ther is only one on you website. You got Stathis to play it.

We want to see the one you are working on now...

Stathis can pick up a broomstick and make it sound like a stradivarius. Is that the only one you have ever made? Ar you trying to pull a fast one on us?

Wher are all of the other ones you say people have bought? Who bought them, the imaginary bouzouksi?? To fast to put a fotos up...

We are not all stupid here... It's OK if your just staring out, be honest about it though. You might make a good instrument, but fess up my friend...

Re manges, ama den ehete kati kalo na pite, min lete tipota.
Esi re kalabortso endiaferese na ftiaxis organo apo to Bobby?
Or sou iposhethike na sou ftiaxi kati ke den sou arese?
Or do you think you can make something as good or better?
The reason why I am speaking like this, is not only that you are showing no respect to Bobby, but to some professionals who had great things to say about him and his work.

Afto to kako ehume poli Ellines (ZILOFTONIA)

And I bet some of you agree with me

last night I watched a kid on youtube plaing trichordo. Xristo who usd to hang out here, o rebetis, commented a couple of things & this kid accused him of eing a fake who can;t play & "challenged" him to put a clip oup or shut up (LOL if you've ever seen Xristo's clips...

why do we have to have this recurring pattern of malakies ?

You guys are very touchy... I am just tired of the charades... You are blatantly advertising for him, and that is OK, but where is the beef?????

Show us his work. you are asking people to buy bouzoukia from him, but he has only shown one bouzouki.
All of the top flight luthiers have lots of them out in the filed, and you see them oneBay and on the Gallery...

Tell me, how many bouzoukia has babbis made? Who owns them?
Instead of attacking me, answer the question truthfully or stop the BS....
Like I say, it is OK if he only made the one bouzouki, it sounds OK....

Babbis,

I am sure the guys in New York are happy to have you there to repair and build. That is all that matters.... You work will speak for itself and your business will grow accordingly.

My Greek is not very good, so I don't understand all that is being said, but I think you responded in a professional way. Good for you.

We are all here because we love the bouzouki... We all have individual likes and dislikes. As long as we don't make them personal, we are OK...

Bravo...
